c. The bidder must be capable of providing for assignment of the dredge and all attendant plant, complete and in full operating condition in all respects, within 240 hours after receipt of Notice to Proceed by the Contractor.

4. BIDDER QUALIFICATIONS.

a. Before the Government will award a contract based on this solicitation, the apparent low bidder shall establish that it is responsible and entitled to award of the contract, by certifying that its dredge meets the appropriate production rate, as listed in the table entitled "Minimum Production Rates" located at the end of the Dredging Section. The dredge must have performed at, or above, the listed production rate for at least 85 percent of the total contract duration, on any contracts that are used to prove plant capability, within three years prior to the bid opening date of this solicitation. Failure to establish the dredge's capability to meet the required production rate will result in rejection of the bid as non-responsive.

b. A bidder may be rejected as non-responsible if it cannot show the necessary capital, experience, or equipment needed to perform the work described under this solicitation see (FAR 9.1). The bidder must also show that the dredge and attendant plant are not already obligated for the performance of other work which would delay commencement, performance, and completion of the solicited work; and must show that delivery of the dredge and attendant plant to the site of work can be made within the time allowed in the specifications.
